Welcome to the 14th FISU World University Championship in Triathlon

FISU, Swedish University Sport Federation, Swedish Triathlon Federation, FIKS, Kalmar RC, Linnæus University and Destination Kalmar has the honor of organizing the FISU World University Championships in Triathlon of 2018. Triathletes from around the world will be welcomed to our beautiful city to enjoy the friendly atmosphere in Kalmar: with facilities, accommodation and race venue of absolute top quality. This year edition has also the honor of introducing the mixed team super sprint in the schedule on Sunday.

This athletes guide is set to provide athletes, coaches and heads of delegates with important information regarding the WUCTRI Kalmar event. You may always find printed examples of athletes guides at the info desk located at Kalmar Stadshotell. During the WUCTRI 2018 information and media will be constantly updated on our various social networks; feel free to share statuses, identify yourself and spread the #KALMARFEELING!

The Organizing committee, sponsors and all volunteers are happy to welcome you to Kalmar, 1-2 September!

Welcome addresses

Oleg Matytsin, FISU president

Dear friends,

Welcome to Kalmar, where you will join some of the best student athletes in the world in celebrating the FISU World University Triathlon Championship.

The International University Sports Federation (FISU) recognizes that just to be here has required many victories, some big and some small. Many of these victories will have brought results that are easy to recognize, like a winning score in a race or in a game. Others are less tangible, like finding the right balance between training and studying. All are equally important. Our work at FISU is focused on providing opportunities for students - the leaders of tomorrow - to be positively influenced by their experiences of international university sport. Whether a student emerges as a champion, is helping to organize the competitions, or attending in support of a team, we know that they can all learn essential life lessons that cannot be taught in a lecture hall or classroom.

The best athletes are those who bring single-minded determination to what they do. But before, throughout and after the competitions, FISU urges you all to take full advantage of this opportunity - to go home with memories that will last a lifetime, and perhaps even some new friends from faraway places. By taking part in the FISU World University Triathlon Championship, you will be contributing to a record-equalling programme of events across 34 different sports, some of them new to FISU. None of these events would be possible without the gracious generosity of the hosts, and I would like to extend our sincere gratitude to the National University Sports Federation of Sweden and the organizers for their excellent efforts. FISU is also grateful for the ongoing support of the International Sports Federations. Together, we aim to provide the highest level of technical excellence, both on and off the field of play. We remain convinced that the best student athletes deserve nothing less.

I am confident that the World University Championship in Kalmar will provide you every opportunity to shine, and I wish you a fair and exciting competition!

Oleg Matytsin

FISU President

Johan Persson, Kalmar Municipality Council Chairman

Welcome to Kalmar fellow athletes!

The Municipality of Kalmar looks forward to hosting the WUCTRI Kalmar 2018 with excitement and proudness. This sporting demonstration has over the years become a flagship event for the city and is continuously increasing the number of participants year after year, thanks to the quality of organization.

2018 will be particularly exciting due to the hosting of the International University Sports Federation (FISU) World University Championship, in which delegations from around the world will participate. This is a unique opportunity for the city of Kalmar.

On behalf of the Municipality, I wish to emphasize the implication and hard work of numerous volunteers, without whom this kind of event would never take place. As well as congratulate the organizers for the preparation of this important event.

I wish to congratulate this initiative that will offer a sports exhibition in the city of Kalmar, a party for its population, and unforgettable memories for athletes. Beyond the sporting result, I am convinced that the unique setting between lake and mountains will enchant all athletes, even if the coveted medal is not acquired. For this weekend, not only will triathlon and its technical and physical requirements be celebrated, but so will the World University Championship that brings an extra dimension, of which brotherhood, cooperation and diligence are the core values. The presence of delegations from around the world is a unique opportunity to promote our canton and offer a spectacular showcase for the triple effort sport.

I wish all participants and members of the audience great fun in living this competition, as well as a warm welcome to Kalmar

*Johan Person
Kalmar Municipality Council Chairman*

Sture Espwall, Swedish University Sports Federation President

Dear Student Triathletes from all over the world!

The Swedish University Sports Federation is happy and proud to welcome you to Sweden and Kalmar. The city of Kalmar, situated in the south east of our country, is with no doubt the city of triathlon in Sweden! That means that we all will be at the right place for the 14th FISU World Championship in triathlon.

We can assure you that the FISU World University Triathlon Championship is organized on highest standards and in a manner that ensures your best performance. May these days in Kalmar also inspire you and give you all experience for upcoming races in the future. And you might also be aware of the strong triathlon tradition of Sweden, not only as a host for world class triathlon events, but also with success in the Olympics winning silver medal 2012 (Lisa Nordén).

For more than hundred years, the Swedish University Sports Federation has been promoting a balance between body and mind. Since the beginning, the local university sports clubs (today 105 of them) have promoted sports activities, both at the amateur level and the elite level. Sweden take part in the international university sports family by participating in Universiades and many of the University Championships. Excellence in body and mind also means for us that we strive to make it possible for the most talented student to combine elite sports and academic studies in Sweden. Our Federation has taken an active part in setting up the national model for dual careers in Sweden. Our Federation regularly hosts World and European University Championships in various disciplines. After these World Triathlon Championships in Kalmar we will also organize the European University Championships in Rowing 2019 in Jonkoping.

May this competition not only enable you to give your best in the water and on land but also let you make new friends from all over the world and by that, strengthen our global university sports network! We, the Swedish University Sports Federation wish you memorable days in Kalmar!

Sture Espwall
Swedish University Sports Federation President

Beth Friberg, Swedish Triathlon Federation President

Welcome to Kalmar for the FISU World University Championship in Triathlon 2018!

What a perfect place for the FISU World University Championship in Triathlon. Kalmar, a southern Swedish city with a long legacy of triathlon races and appointed several years as #1 Swedish summer city.

The WUC Championship offers a great challenge towards the international senior competitions in individual Sprint distance and in the new Olympic Game discipline, Super Sprint Relay.

Bring your friends and family and you all will enjoy a fantastic sport experience together with great cultural, food and scenic variations.

The Swedish Triathlon Federation would like to thank the organizing committees, the Municipality of Kalmar, all officials and sponsors for their help in bringing and hosting this World University Championship Triathlon 2018.

So, all you 'todays stars tomorrows leaders', friends, families, supporters, organizers, volunteers and media - welcome to enjoy a fun challenging race and an exciting time in Sweden! Good luck everyone!

Beth Friberg
Swedish Triathlon Federation President

Catherine Legrand, Linnaeus University Vice president

Welcome to Kalmar and Linnaeus University!

Linnaeus University is a modern, international university in south-eastern Sweden. We are a young university, established only in 2010 through a merger of two higher education institutions. We are located in two different cities, Kalmar and Växjö, and the competitions will be held in Kalmar.

Kalmar campus is located in the beautiful, medieval city of Kalmar, one of our study sites, that was voted “Summer City of 2018” in a national travel guide competition. In the harbor, we are now building a new university with modern facilities suited to their purpose. Through this, the university gets a spectacular location just by the water, in the city center.

Linnaeus University offers degree programs at first-, second- and third-cycle levels, of which a third are given in English. We have been renowned for our international profile for quite some time, with partner universities in more than 60 countries. Each year, more than 2,000 international students from all over the world come to us to study. Linnaeus University Summer Academy offers an international, intercultural and interdisciplinary study environment – unique of its kind in Sweden.

Linnaeus University is a modern, comprehensive university that combines high-quality education and research to address societal challenges in close cooperation between our students, researchers and society. We strongly believe in linking education with research, as well as linking academic curiosity with applied knowledge. We offer a broad selection of courses and programs in sport science where we combine theoretic knowledge with practical understanding and action. Our research focuses, among other things, on leadership, learning, training and societal changes in relation to sports, physical activity and health. We carry out research in close collaboration with the surrounding society.

I wish you all good luck in the competitions! I also hope that you will have a rewarding and pleasant stay in our beautiful city. And, who knows, some of you might come back as students?

*Catherine Legrand
Linnaeus University pro-vice chancellor*

Philip Lind, WUCTRI Kalmar 2018 Project Leader

Welcome to Kalmar dear students!

It is with a great pleasure that I, along with the OC, welcome you to our Kalmar and the world university championships. We have great competitions to look forwards to, top-quality accommodation at Kalmar Stadshotel and an absolute amazing atmosphere in the air. You will encounter positive and excited local volunteers once arriving to Kalmar that will guarantee an openness and friendly environment!

I am myself a student from the local Linnaeus University and have been able to enjoy the local student-life for three years. During the first weeks of studies, which happens to be at the same time as the WUCTRI Kalmar, all students have two weeks of introduction: a period to acknowledge the new city, friends and have fun. Students will be dressed in colored overall representing their own student association and have the party and cheering mode on! The city will be buzzing! Further on, being active as president in the local student sport association, FIKS, I have also the honor of connecting many active students as volunteers from our student organization to the WUCTRI Kalmar.

For the ceremonies and cultural program, I will guarantee top quality! With a march through old town to Larmtorget the opening ceremony will take place on Friday evening. On Saturday evening a traditional Swedish cultural game is at the schedule that will invite you to find new international friends and students; across national boundaries. For the final dinner, we have a special facility with beautiful view and live music that will treat you with a memory of a lifetime. The race venue will have absolute highest standards! With Iron Man Kalmar situated at the same race arena, the tracks will include high speed, tough courses and loudly audience as the race is very central. Prepare yourself for one of your best experiences ever when racing!

Kalmar is a great city and has for four times in a row been voted as the summer-city of Sweden – it will be a pleasure to host Kalmar to you.

I wish you all the best of luck for the competitions!

Fair play and zero tolerance to harrassments

We take a stand for Fair Play and we have zero tolerance to harassments at FISU World Championship Triathlon.

Fair play comprises and embodies a number of fundamental values that are not only integral to sport but relevant in everyday life. Fair competition, respect, friendship, team spirit, equality, sport without doping, respect for written and unwritten rules such as integrity,

solidarity, tolerance, care, excellence and joy, are the building blocks of fair play that we all should be treated with dignity and respect. Everyone has a responsibility to promote Fair Play.

FISU follows the principles of equality in all of the Federation's actions. FISU does not discriminate against anyone based on their race, colour, gender, language, religion, political or other opinion, national or social origin, property, birth or other statuses.

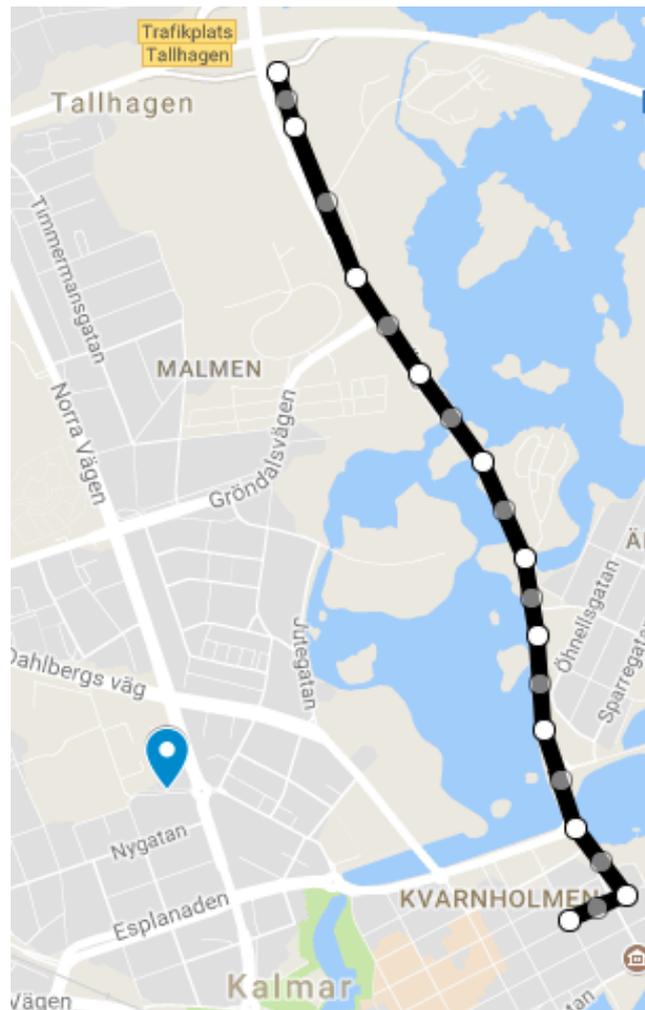

Zero-tolerance to harassments means that no form of unlawful discriminatory or harassing conduct by or towards any athlete, referee, official, staff, volunteer, fans or other person at FISU World Championship in Triathlon will be tolerated. We will take action immediately if any disrespectful behavior occurs. We encourage all participants and leaders to say if they see someone else be exposed or themselves being exposed to something unacceptable. Please contact representatives in the organizing committee or from the Swedish University Sports Federation, President Mr Sture Espwall or General Secretary Ms. Cecilia Olsson.

Antidoping

According to the FISU regulations, tests will be conducted during the event, by Antidoping Sweden.

Training sessions

Kalmar Sport center will offer free indoor swimming session on Friday 10.00-12.00, bring your accreditation card for free access. The LOC aim to organize a shuttle service; however, the distance is only 1 km from the city center. Athletes will also be able to prepare bikes at Kalmar Stadshotell and go cycling along Ängöleden. For running, the LOC kindly refer to Ängöleden.

Registration & Accreditations

Accreditation

All participants and official members of the team must obtain accreditation from the International Control Commission of FISU and from the Organizing Committee (OC).

To assure quick and smooth accreditation procedure, the OC encourages all the participating countries to make all the payments in advance. We recommend that Head of Delegation for each delegation make the accreditation for the whole team.

All registered teams must check in for accreditation at the info centre upon their arrival. Participation in the events is only possible if all incurred costs are settled. A personal accreditation card with photo will be handed out at accreditation. All accredited persons must wear it at all relevant times – it must be presented for access zones which are otherwise restricted.

Required documents for the accreditation:

- Passport
- Study Certificate/ FISU Eligibility Form (Competitors)

The accreditation card is also your meal voucher and it entitles you to have breakfast, lunch and dinner at Kalmar Stadshotell.

If an accreditation card gets lost, immediately inform the Head of Delegation, who will report it to the info center. For issuing a 2nd accreditation card the OC charges a 20 Euros fee. Misuse of the accreditation card will lead to confiscation of the accreditation.

Registration of the material

Competition equipment (helmet- and bike sticker, timing chips, swimming caps) will be distributed beforehand the race. Delegations are responsible for each athlete's equipment are on site before start and after the race. Please, arrive with your bike at least 2 hours before race start. This will be done at the Kalmar Stadshotell.

Technical meeting

On Friday 31st of August 19.00-20.00 General Technical Meeting will take place at Kalmar Stadshotell. The meeting is open for 2 persons per delegation and we recommend that Head of Delegation and one coach or athlete attend. The meeting is mandatory for all delegations.
