## FISU WORLD UNIVERSITY CHAMPIONSHIP 2018 KALMAR

WE WELCOME SOPHIE LINN AND FERN DAVIES FROM TEAM AUSTRALIA TO KALMAR

Fern is studying exercise and physiology. It's her second time to compete in a world championship. Sophie is studying in Michigan. It's her first time to compete in a world championship. They are both training 17-18 hours per week and are really thrilled for today's competition. We wish them the best of luck!

WE WELCOME KLEMEN BOJANC FROM THE SLOVENIAN TEAM TO KALMAR

Klemen has been training in triathlons for eight years but it's his first university world championship. He thinks the critical point in the course will be if the cobblestones are wet which will make the bike road slippery. We hope he will enjoy his time in Kalmar and we wish him good luck in the competition.
